"Just wanted to add my thanks to the pile. I passed the neurology boards (with special qualification in child neurology), and BoardVitals was a large part of my study plan. I thought the questions were appropriately difficult, and I very much appreciated the feedback from your staff when I questioned a small minority of the items (the ones that were unclear or wrong were promptly corrected). Well done! Thank you, and if I decide to take the pediatric boards next year, I will know where to come!"
