

QUICK START GUIDE

HOW TO SEARCH

Enter a search term and click the search icon.

ADVANCED RESULTS

View all results, or go access images, video and audio media, Evidence Alerts, Medical News Feed and more via the results tabs. To get advanced results, filter results by titles, date range, related concepts and advanced search filters. See related terms below your search results for more options.

ENHANCED FEATURES

Go to the Resources page (top left) to see other products and cross-searching available with your subscription. Or, access your specific STAT!Ref Library subscription via the Titles link (top left) or the home page panel with the STAT!Ref logo. Once on the titles page, use the drop-down to see titles based on specialty or use the filter tool to find a title by name. Or, navigate to a specific title using the alphabetical list.

The screenshot shows the TDS Health website interface. At the top, there is a navigation bar with 'tds health TETON DATA SYSTEMS' on the left, 'RESOURCES', 'TITLES', and 'Profile' in the center, and 'TOOLS' and 'LOG OUT' on the right. A search bar contains the text 'atrial fibrillation'. Below the navigation bar, there is a 'TITLES' section with a dropdown menu set to 'All Titles' and a 'Filter this list' button. A list of titles is shown, starting with 'A', and the first item is 'A 1st Book on ECGs (2014)'. A vertical alphabetical index on the right side shows 'A', 'B', 'C', and 'D'.

PROFILE CUSTOMIZATION

Click Profile (top left) and customize your user experience by creating a user account. Previously created profile preferences accounts (formerly called My STAT!Ref) are still active.

The screenshot shows the TDS Health website interface with the 'Profile' dropdown menu open. The navigation bar includes 'tds health TETON DATA SYSTEMS', 'RESOURCES', 'TITLES', 'Welcome Kate!', 'TOOLS', and 'LOG OUT'. The search bar contains 'Search topics, Treatment'. The 'Profile' dropdown menu lists the following options: Account Settings, Anywhere Login Account, Preferences, Search Sets, Alerts, Favorites, Manage Home Page Panels, and Log Out. Below the navigation bar, the 'TITLES' section is visible with a dropdown menu set to 'All Titles'.

SUPPORT TOOLS

Access the Help portal under Tools (top right) for additional details.

The screenshot shows the TDS Health website interface with the 'TOOLS' dropdown menu open. The navigation bar includes 'tds health TETON DATA SYSTEMS', 'RESOURCES', 'TITLES', 'Welcome Kate!', 'TOOLS', and 'LOG OUT'. The search bar contains 'Search topics, Treatment Drugs etc...'. The 'TOOLS' dropdown menu lists the following options: Change Password, Help, Link to this location, Link Wizard, and Admin. Below the navigation bar, the 'TITLES' section is visible with a dropdown menu set to 'All Titles'.

Or, if you would like a webinar demonstration or have any questions, please speak with your TDS Health Representative, call 800-901-5494 or email support@tetondata.com.
