

For Instructors

BoardVitals offers instructors features that allow them to be interactive with their other students. Instructors can create custom exams and send them to specific groups of students. They can then view the performance by class or by assignment to see where each student's strengths and weaknesses are.

Administrative Features of BoardVitals Include

- **Create Customized Exams**
 - Faculty can send customized exams to students or utilize questions in the classroom (see the [BoardVitals Training Video: How to Create and Send Exams to Students](#) for instructions)
- **Flag Individual Questions**
 - Flag individual questions and send to one or many students to highlight a particular concept
- **Create Classes**
 - Faculty can create classes to send exams to a specific group of students (see the [BoardVitals Training Video: How to Create Classes](#) for instructions)
- **Add Delegates to Classes**
 - Anyone assigned as a delegate to a class will receive any correspondence that is sent (see the [BoardVitals Training Video: Add Delegates to Classes](#) for instructions)
- **View Performance by Class**
 - Faculty can view the performance of students assigned to a particular class (see the [BoardVitals Training Video: How to View Student Performance by Class](#) for instructions)
- **View Performance by Assignment**
 - Faculty can easily view exam results from assignments sent (see the [BoardVitals Training Video: How to View Student Performance by Assignment](#) for instructions)

About BoardVitals

BoardVitals helps healthcare practitioners and students train for certification and recertification exams, in-service exams, and meet continuing education requirements in over 50 health and medical specialties. BoardVitals brings together content from major publishers, universities, and top healthcare professionals into a single platform, creating the largest training ecosystem in health and medicine. BoardVitals contributors are experts from top tier academic and practicing institutions such as Harvard, Yale, Duke, and Mt. Sinai helping us create the best, most up-to-date content available.
